

PROFILE

JULIA CENCIG

EXPERT FOR ROLE CLARITY AND PROFESSIONAL APPEARANCE

I have been working as an actress in film, television and on numerous stages for three decades and love my profession. Now I have decided to pass on my wide-ranging experience in the areas of communication, voice, body language, team building, studying human behaviour, conflict resolution etc. as a trainer. behaviour, conflict resolution and much more as a trainer.

I love working with people, getting them excited about something and inspiring them. As a single mum of two wonderful girls and a long-time "inspector" (Soko Kitzbühel), the topics of female empowerment, diversity and gender mainstreaming are close to my heart.
